

TUITION PAID!

Attention Mathematics, Science, & Engineering Majors

Would you like to teach math to middle and high school students?

Under a grant from the National Science Foundation, you can get college paid for two years. Along with the scholarship, you will also receive mentoring from experienced teachers and faculty and get opportunities to present at national and regional conferences.

Not sure if teaching is for you?

Apply for a summer internship for \$1000 each. You will get to work with students and teachers and see if you like teaching.

WHAT DO YOU GET?

\$14,000 per year for your junior and senior years to pay for college tuition and expenses.

Opportunity to apply for Summer internships for \$1000 each.

For more information about the requirements and application process, email
